Many words will be said and written regarding America's two hundredth anniversary. Much of what has been said to date in this Bicentennial Year, has been quite irrelevant and unimportant. Somehow, no one has been able to capture the proper phrases and thoughts to inspire and to give real hope to our Nation. The reason for this is obvious and has to do with the fact that inspiration is something which only God can give and to be inspired, a people must become receptive unto God who is the Inspirer. Strange as it may seem, our Nation is perhaps more involved in pursuit of soul endeavors (psychic research, intellectual search, self-realization, consciousness alteration, drug-alcohol cerebral modification, immoral experimentations, etc.) than in the search for spiritual truth. Part of the cause of this phenomenon lies with the Church which in general has equilibrated soul with spirit and has itself become almost totally involved in the carnal mind - -("sense and reason without the Holy Spirit") -- (Amplified Bible--Rom. 8:6).

The invasion of America by mind cultism has resulted from the insistence on the part of our religious leaders that we can become spiritual through mind or mental activity. Consider here the rejection of Fundamental Christianity of the Holy Spirit or "Charismatic" movement. Somehow, we must accept all of God's Word without rejecting any of it lest we leave ourselves open for satanic invasion. If we have failed in America's largely in the realm of the spiritual and this stems from our compromising, partial Christianity.

Our problems with race, poverty, crime, education, politics, communism, immorality and disease—all stem from the elevation of the natural man to a position of control over the spiritual. The hope for the future must come from the truly spiritual and must require the pulling down of strongholds—that is—the coming against anything that would stand in the way of the Lord Jesus Christ and His Holy Spirit being in the primary position in the life of the individual, the family, the Church, the community, and Nation. (I Cor. 10:4) To say, "In God we trust," and to not trust in Him in any way, is to be absolutely hypocritical.

Therefore, put on God's complete armor, that you may be able to resist and stand your ground on the evil day of danger, and having done all the crisis demands, to stand firmly in your place. (Eph. 6:13.) This does not mean that, "everyone will be saved." It does not mean that communism, Marxism, atheism are tolerable. It does not mean that Buddhism, Far Eastern philosophy, spiritualism, Mohammedism, and agnosticism are all aspects of truth. Since it is true that the success and continuity of America are attributable to its Christian roots and foundation, and where we have failed, it has been due to the forgetting of that fact, let us agree as a primary precept to press onward with the Lord Jesus Christ empowered by His Holy Spirit, in all the days which lie ahead. "Righteousness exalteth a nation, but sin is a reproach to any people." (Prov. 14:34).

Our hope lies in the revitalization of the Church and its membership. Only the Holy Spirit can do this so let us pray for a continuing and ever greater outpouring of the Holy Ghost. And let us pray for the return of the Messiah soon—before the world conflagration spreads further. Should we fail to seek the Lord and His Righteousness the next world battlefield could be this—our native Land!

"O Eternal God, through whose mighty power our fathers won their liber of old, grant we beseech Thee, that we and all the people of this land—may have grace to maintain these liberties in righteousness and peace, through Jesus Christ, our Lord. Amen." (MSR)
