"There is therefore now no condemnation to them which are in Christ Jesus, who walk not after the flesh, but after the Spirit." Rom. 8:1

If there is now (since Christ, the Messiah) no condemnation to them who are in Him and have turned from the flesh unto the Holy Spirit, there must still be condemnation for those who continue to walk after the flesh. (The fleshly life or carnality is defined as sense and reason without the Holy Spirit or the whole nature of man without the Holy Spirit.) Strangely, this is where most of medical, surgical and psychiatric practice lie—in the realm of the carnal mind. Thus most of the work of doctor and nurse must lie in the area of God's condemnation. How can this be? The answer lies simply in one fact, that God became flesh and dwelt among man in order to show him the way out of the wilderness of flesh and frantic mental activity. He died as a sinless sacrifice to give His blood that man might be able to go through the cross to godliness and spiritual life. But man prefers to live on his own side of the cross, living by his wits and his own great plans and power plays, ignoring God and His perfect plan.

So it is with Medicine. Recently an attorney called me from North Carolina. He stated that the daughter of a dear friend was being treated by a psychiatrist. She and the psychiatrist developed an adulterous relationship (violating God's law). This resulted in divorce and great continuing problems. Another psychiatrist has been accused of involvement in child pornography. One psychiatrist is accused of murder. A gynecologist is in jail for drug possession and attempted robbery. Nor are physicians alone in this problem. Clergymen, attorneys, national political figures and all manner of well educated, brilliant men and women in America and abroad are falling victim to carnality. The most prominent liberal statesman in England recently went down to defeat because of his carnal homosexuality.

Those of us who are in Medical practice and who are concerned that there be a New Medicine must see that further carnality or psychosomaticness must not be our way for the future. We as a profession have failed, to date, to honor God. We have developed other gods. We have used His Name in vain. We have not honored our parents. We have committed adultery. We have borne false witness. We have coveted. We have not kept the Sabbath day holy. We have done abortions, experimented with toxic drugs and operative procedures and otherwise have killed our fellow human beings. We have stolen. We have not loved God with all of our heart, soul, strength and mind. We have not loved our neighbor, our patient, as ourself.

"O unhappy and pitiable and wretched man that I am! Who will release and deliver me from the shackles of this body of death? O thank God!—He will! through Jesus Christ, the Anointed One, our Lord! So then I of myself with the mind and heart serve the Law of God, but with the flesh the law of sin....

So then those who are living the life of the flesh—catering to the appetites and impulses of their carnal nature—cannot please or satisfy God, or be acceptable to Him. But you are not living the life of the flesh, you are living the life of the Spirit, if the Holy Spirit of God really dwells within you—directs and controls you. But if anyone does not possess the Holy Spirit of Christ, he is none of His—He does not belong to Christ (is not truly a child of God)....

For all who are led by the Spirit of God are sons of God." (Romans 7:24,25; 8:8,9,14) (Amplified Bible)
