The function of the spirit of man in the psychosomatic person is of interest since it could well be that much of the etiology of illness and death rests in this realm of the human being. Somehow the spirit of man is locked into the psyche since we find in 1 Cor. 2:11 that man's own spirit perceives, knows and understands what passes through his thoughts. We also see that the natural man (man living on the level of the human spirit) "does not accept or welcome or admit into his heart the gifts, teachings and revelations of the Spirit of God for they are folly (meaningless nonsense) to him and he is incapable of knowing them for they are spiritually discerned." (1 Cor. 2:14)

If it is the Spirit that gives life (John 6:63) and the carnal mind produces death (Romans 8:6), we begin to see that illness and disease must be the result of the action of the spirit of man upon the mind and body. If the heart of man (the natural man) is "desperately wicked" in its unredeemed, Adamic state, it must be under the death-producing stimulus of the spirit of man which ultimately is controlled by satan.

The spirit or "pneuma" is not concrete or definable. It is thus humoral or ethereal. As such it is able to permeate all cellular membranes, all body fluids and every aspect of the body-mind, including its neuro-humoral control. In recent years we have come to be aware of endorphins and other neuro-humoral substances which control the response of the body to pain and many bodily functions. What is the effect of sin upon the neuro-humoral system? Why are hatred and unforgiveness, resentment and fear, hopelessness and despair such lethal stimuli? Are they not all attributes of the natural man?

Jesus tells us that the "wages of sin is death." (Romans 6:23) When one has a job, he accumulates wages. They are not given to him immediately. He must wait to receive them. In the same way when the carnal man sins, he is accumulating wages which eventually will be paid. These wages will not be paid at once. They are accumulating in the psychosomatic system—in the psyche and in the cells of the body, (in the DNA?)

Dependent upon heredity and environment as well as chromosomal characteristics present in every cell of the entire body, the Adamic man already possesses built-in responses to the death-producing stimuli of the wages of sin. He has no protection and no immunity. The sin principle, plus the sins committed, plus the individual psychosomatic potential bring about the death system, which is preprogrammed in the Adamic man and cannot be changed through the usual methods directed toward the psychosomatic. Only Jesus can change us. Only Jesus can give us life. Only Jesus, through His Holy Spirit, can transform man from death to life.

"Do not be conformed to this world. But be transformed by the entire renewal of your mind." (Romans 12:2) Note that this is not a partial or an incomplete change but an entire transformation of the mind. Paul does not use an active verb here but a passive verb—indicating that man cannot do this by self effort but by self-negation—allowing and asking Jesus to do this for him—by the "sword of the Spirit—the Logos of God". (Eph. 6:17) Believing that this is true, one can readily see that the majority of humanistic activities are devoid of Spirit and thus incapable of effecting transformation. Healing must be an attribute of transformation not only of the mind but also of the body. Conformity to the world is this: remaining psychosomatic, like the world. Transformation is: the effect of the Holy Spirit upon the spirit of man causing total change in man, transforming the spirit of man to Holy Spirit-anointed human spirit, transforming natural man to spiritual man, transforming Adamic living soul to Christlike quickening spirit, transforming the mind of the flesh to the mind of Christ and transforming the corruptible flesh into incorruption. This change can only take place consequent to the positive action of the individual will. Jesus instructs us to seek, to knock, to ask. Spiritual metamorphosis does not occur without the active use of the will. "And they that are Christ's have crucified the flesh with the affections and lusts." (Gal. 5:24) The crucifixion of the flesh is an act to be carried out by the individual himself. If the flesh has been nullified, it cannot then produce death (and illness which precedes death). If
one decides to live in the flesh, his wages are being sown (Gal. 6:8) and he will of the flesh reap corruption (death). If he "sows to the Spirit he will of the Spirit reap life everlasting" (in the here and now and henceforth).

The spirit of man serves in the natural man to allow the psyche (the mind) to perceive the paths of life and of death. In Proverbs 20:27 we are told, "The spirit of man is the candle of the Lord searching all the inward parts of the belly." As with a candle, the light in the natural man can be extinguished with ease. It can also be used to show us much about ourselves and our emotions, ("the inward parts of the belly"). If man elects to allow God to search him and concurrently seeks God with all of his heart, he begins to become a new creation of God. (2 Cor. 5:17) Ps. 104:30--"Thou sendest forth Thy Spirit and they are created." If he elects to ignore God, man allows the spirit of man to commence the process of soul-body destruction. Doubtless this begins long before disease processes manifest.

If we understand the Holy Spirit to be the Lord and the Giver of life, we perceive health to be a product of spirituality given to man through Jesus. In spiritual transformation man must grow from the earthly to the heavenly. He must appropriate the earthly spiritual qualities--"...there are three witnesses on the earth, the Spirit, the water, and the blood"--and through their actions on the psychosoma, walk toward the heavenly life. The heavenly life of wholeness is imparted into the new creature through "the Father, the Word, and the Holy Ghost, and these three are one." (1 John 5:7,8) When these things begin to happen, true wholeness starts to come about on the cellular level (the control of the Holy Spirit upon the DNA). (Eph. 5:18 Amp) Illness in the world and even in Christian must be the result of lack of understanding of these spiritual truths plainly set forth in the Word of God.

Excerpt from "The Word" Newsletter of Christian Healing Fndn., by Clayton Norton, M.D., 3/81

"The healing ministry of medicine, doctors, nurses, physical therapists, etc., cannot really treat the Whole Person; Spirit, Soul, and Body, (1 Thes. 5:23) unless they have a personal relationship with the Great Physician, Jesus Christ. 'And Jesus went about all Galilee...healing all manner of sickness and all kinds of disease among the people.' (Matthew 4:23). All of the procedures medicine has developed in the past few years; coronary by-pass operations, CAT Scanners, Micro-surgery, and the like, magnificent though they be, can only restore the body. But such restoration is only temporary unless the spirit is also quickened (made alive) by God's Holy Spirit. (Rom. 8:11). Then, and only then, can we begin to reach our full potential in medicine, and start to really love our patients 'because the love of God is shed abroad in our hearts by the Holy Ghost which is given to us.' (Rom. 5:5). Then, the healing power will flow. 'Love never faileth.' (1 Cor. 13:8). 'Hereby we perceive the love of God, because he laid down his life for us; and we ought to lay down our lives for the brethren.' (1 John 3:16).

'Blessed be God, even the Father of our Lord Jesus Christ, the Father of mercies, and the God of all comfort; who comforteth us in all our tribulation (trouble), that we may be able to comfort them which are in any trouble, by the comfort wherewith we ourselves are comforted of God. For as the sufferings of Christ abound in us, so our consolation, also, aboundeth by Christ.' (2 Cor. 1:3)

May we all minister His Healing Power to those in need around us!"

THE LITTLEST ANGEL

Dear Friends of CMF:

What beautiful Spring days we are enjoying here in Florida! After a record cold winter, God has blessed us with flowers larger and more beautiful than at any time I can recall.

Lately the Littlest Angel has enjoyed very good sales and we continue to get new items daily. Right now we are decorated with tulips of all colors, and robins nesting in the branches of grape vines strung about. We have a new corner for men's items featuring such things as men's aprons, a variety of unique mugs, sport belts, and travel tie cases. There is also a brand new but small line of ladies' clothing, which includes summer hats, shirts, and appliqued skirts. We are expecting a new assortment of counted cross stitchery and more religious plaques, pictures and figurines.

We are often asked what can be bought by mail so that one may support CMF through the L.A. In answer, I will describe some items which you would thoroughly enjoy. Hand-carved, hand-painted wooden ducks (about 8"x4" and 10"x5"), predominantly a soft blue, are unbelievably priced at $32.00 and $36.00 respectively, plus tax and postage. Father's Day will be upon us very soon! For Mother's Day, may we suggest one of our delightful appliqued skirts--(sm. 8-10, med. 12-14, lg. 14-16)--in assorted pastels with large designs of sand dollars or strawberries. The fabric is cotton and polyester and the price is $35.00 plus tax and postage. For the children, we will take orders on "Can Do" quiet books which we make in the craft shop on Thursdays and which sell like hotcakes! These are washable cloth books which help develop skills such as zipping, buttoning, snapping, etc. They cost $15.00 plus tax and postage.

Now this may seem the wrong time to be talking of "Christmas plans", but I do ask you to consider making Christmas items for us to sell in the L.A. We really need to start early because we have the Doctors Conference in September and, by that time, the shop needs to be decorated for Christmas. The Doctors and their wives are so supportive of CMF in many ways and one of these is by bringing their Christmas shopping lists to the Conference--what a heart-warming experience that was last year! It gave the L.A. the big boost we needed at the time of our opening. Could some of you readers supply us with counted cross-stitch Bible verses? (We will frame them. The demand for these requires many people supplying them!) We also sell many Christmas crafts when we can obtain the supply and we hope you will consider working a bit for us so that we may have a bountiful supply by September. We need many things, but one very popular item is the Christmas tree skirt. Please think of us as you spend those idle moments before the TV--on the plane--or at your quiet vacation retreat.

May the love of Jesus so shine forth from you that those who know you personally will want to know HIM personally. Under the Love of Jesus...

Jane

The Fourth Annual Conference of CMF of Canada will be held in Toronto, September 18-20, 1981, at the Hotel Triumph. Canadians on the CMF mailing list should watch for information in future newsletters and in separate publicity. Mark your calendars NOW!

Excerpt from a Personal Letter to Dr. Reed, Jan., 1981

"Your last message was very meaningful. It would amaze me if medicine would turn to the Living God! I spent all of March in the hospital with depression. Saw the psychiatrist about 4 or 5 min. per day and took pills. No shock treatment as most of his patients had come out with nothing solved. Early Nov. the same conditions, for almost 3 months. A very, very special clergyman with the H.S. thru God has brought transformation. Praise God! Now God is using me. I am His and He is mine. God's medicine of love is best..."
