CHRISTIAN MEDICAL FOUNDATION INTERNATIONAL

EUCHARIST AND THE NATIVITY

Throughout all of my life there has been a joyous inner glow of expectancy and happiness as Thanksgiving and Christmas begin to draw near. Thanksgiving has been a time of family gatherings and sharing of the blessings of God as well as thanking our Lord for His provision and His constant care of His people. Eucharist in our national tradition precedes Advent which somehow seems quite proper. As one thanks God for His many mercies He in turn pours out more gifts of love, the greatest of which was the gift of Jesus to a dark and perishing world.

Because we are God's people we tend to follow His great example. Strangely enough, even those who are not Christians enter into the Spirit of joy and of giving at Christmas time. Perhaps we carry the gift idea to an extreme but it is doubtless a wonderful thing that at this joyous time of year everyone tends to almost overdo loving and giving. Some may see wrong in this, but my sentiment is one of being thankful that those who are created in God's image find pleasure in giving of their substance to others.

The fullness of the Holy Spirit in the life of the believer is a kind of constant Eucharist, a Christmastide in the heart every day of the year. Were this to be the demeanor of heart and soul of earthly man, surely the problems and heartaches of life would soon evaporate into nothingness!

Years ago an Episcopal priest friend of mine came to Philadelphia to learn of divine healing at the annual Order of St. Luke Conference. While there he received the fullness of The Holy Spirit. One day he came up to me and said, "Bill, does your heart sing all the time since Jesus baptized you?" While I was aware that my heart had been joyous and often full of song, I had not really thought about the fact. But it was true! True of my friend--and true of me. My Spirit always sings—if I will allow it to. And so too with my heart and soul. And so too with the cells of my flesh, my somatic being. This is wholeness—and the way of continuing to be whole.

Have you ever thought about the music of this time of year? It is different and of an uplifting quality. It is not discordant, or sensual. It doesn't have a "beat" and it doesn't fit with evil or satanic activity. It is also not static—but always is fresh—and new melodies are always coming forth of the same wonderful quality. It has been this way since Jesus came—and even before. David sang his songs of praise in anticipation of Christ's Advent. (Christmas is forever).

Somehow Thanksgiving and Christmas are antidotes for the poisons of our age. The massive infusion of peace and happiness, as well as love, tends to neutralize all the bad and the vulgar of our time. Once again mankind looks to the beautiful and the hopeful and in so doing the purpose of life again is found.

What should I like to give to my colleagues, my friends in Medicine, my classmates, my profession this Thanksgiving and Christmas 1982? For several whom I think of just now I'd love to share the Charismatic gift of divine wholeness (I Cor. 12:9). Unless Jesus touches these dear friends this life will soon ebb away.

For the remainder I should be most appreciative to God if He'd reveal Himself to my friends in Medicine as Savior, Lord and Healer. If we as a profession could only discover the wonder of working day by day in the power of The Holy Spirit! If we could only know that God answers prayer—yes our prayers! That He does miracles today! That nothing is impossible
with Him! (Luke 1:37). If we could realize that this is indeed a transitory life and that eternity lies ahead (Consider 1 John 5:13—"I write this to you who believe in the name of the Son of God so that you may know with settled and absolute knowledge that you already have life, yes, eternal life.") Beloved colleagues, this is true not only for us and our families but for our patients. How absolutely essential it is that we prepare our patients for eternal life through belief in Jesus Christ.

For my family - first of all - I should like to thank my blessed Savior for my family, every member of it! I am so thankful for my parents, my grandparents and my own distinctive heritage which I received through them. I thank the Lord for my sisters and my brother and their children also for my dear brother-in-law and the family of my wife and her branch of the family who also are members of the "blessed company of all faithful people". I am also thankful for my two sons and two daughters who serve God and are growing in Christ. Their spouses and their children (my grandchildren) truly bless me and I love them. I thank God for my son, Standish - a Christian and a patriot. Sandy served with the Third Marines in Viet Nam - and represents not only my own personal hope but my hope for "the land of the free and the home of the brave". I thank God for him and all the young men who served the last war - the last of the heroes.

"O Lord, who hast taught us that all our doings without Charity (love) are nothing worth. Send Thy Holy Ghost, and pour into our hearts that most excellent gift of Charity, the very bond of peace and of all virtues, without which whosoever liveth is counted dead before Thee. Grant this for Thine only Son Jesus Christ's sake. Amen"

Dear friends and family - with Eucharist in our hearts and the Nativity anew in our souls and Spirits we send you our love and wishes for a blessed Thanksgiving, Advent and Christmastide!

1982 ANNUAL CMF CONFERENCE

The 1982 Conference will be remembered as a particularly blessed convocation. It was a spiritual meeting but also was scientific to a most inspiring degree. The stimulus toward a higher orientation of life and practice was unusual. For those who have young adults or teenage children or Sunday School classes we recommend the talks on Christian morality given by Dr. Charles Hanes, Dr. Barrett Hyman and Dr. Lawton Smith. Every family in America should hear these tapes. If you will write CMF we will send them to you. Every physician should obtain the entire series of tapes for personal auditing and sharing with colleagues. Every talk was appointed and inspiring!

At this Conference three committees were appointed in order to take some of the work load from the shoulders of the CMF - Tampa group. Dr. Lawton Smith and Dr. John Merriman are working with Dr. Robert Cantrell and others in preparing the program for the 1983 Conference. The theme for '83 will be "The Doctor and His own Personal Health". Dr. and Mrs. Kenneth Cooper will be with us for this meeting. October 5-9, 1983.

Dr. George Kaufman is in charge of the Finance Committee. Dr. Kaufman will be contacting CMF physicians requesting that those who believe in and support the ministry of CMF plan to give on a monthly basis to the ongoing progress of The Foundation. Already since the Conference monthly giving has increased. Dr. Arthur Caron is Chairman of the Committee on Communications. Dr. Caron will be working with The Regional CMF Vice-Presidents regarding regional meetings and the expanding of CMF memberships in the various regions of the U.S.

Also at this year's meeting there was a dedication of the new CMF property to the Lord. On Saturday afternoon October 9th there was a service of prayer and thanksgiving for the beautiful new site where the Prayer and Counselling Center will be now located and where The Bethesda Center will be constructed. The Bethesda Center will serve as a teaching center for LPS medicine. It will also function as a place of Spiritual renewal for those who care for the sick and a world center for medical and nursing evangelism.

FINANCES OF CMF INTERNATIONAL

Each year CMF prays that we can end the calendar year with all expenses paid. This year your personal prayers and giving are needed in order to make this objective occur. If every person who receives this letter would send just two dollars we would achieve our goal. For those who can give more we ask that you give as God directs. In 1983 CMF will face its greatest challenge as our work is expanding nationally and internationally. To meet the challenge CMF needs your financial help now. Projected need $25,000.00. Through December.

THE LITTLEST ANGEL

Our L/A has been closed since June during the relocation of CMF to our new home at 7522 N. Himes Avenue.

The setting is beautiful with the shop facing our own little lake.

Everyone is busy making plans for redecorating, unpacking stock and making the shop beautiful and full to the brim with unusual gift items, crafts and books just for you.

The Dr's Conference was a huge success. The Auxilliary came to the Conference prepared to do their Christmas shopping. We cleared over $4000.00. Dr's and their wives had fun buying and visiting in our Hospitality Suite at the Host where the L/A was set up.

Dottie and I will keep you posted on current events in the L/A. Next month we will be telling you of some unusual items you can purchase by mail for gifts or yourself.

Keep us in your prayers during the transition of our relocation.

Love,

Eph. 3:20

Kay Reed

A LETTER FROM S. FRANKLIN LOGSDON

On August 4, 1982, the "great synagoge" was dedicated in Israel. Here are three of many reasons the event was so profoundly significant. (1) It is the first time in 1912 years that Israel has had a central place of worship which was always true throughout their history until 70 A.D. when Titus destroyed the temple. The central place of worship was cherished by the people. (2) Although the religious sector of Israel excitedly dubbed this new edifice "The Great Synagogue," Dr. Maurice Graffee, president of the Association of Synagogues throughout the nation, explained that, officially, the edifice would not be designated a temple or synagogue, but "A House of Prayer". It is interesting to recall that Jesus many, many years ago, said, "My house shall be called a house of prayer". If anyone thinks He was referring to the then current place of worship, the preceding verse should be read: Then went Jesus into the temple of God" (Matthew 21:12). It was in the "temple of God" that He spoke the words, "My house SHALL BE called a house of prayer". The present new building is the first of its kind since the "temple of God" or the old temple was destroyed in 70 A.D. How significant that this one is called "A House of Prayer" in its official dedication! (3) The Church (all true believers in Christ) had a definite inception and will have a definite termination here on earth. Christ will descend to take it unto Himself. Then, a powerful individual will be revealed, variously called Antichrist, the Beast, the world dictator, etc. In due course, he will set up his image in the "house of prayer". Jesus said, "When ye shall see the abomination of desolation (the image of Antichrist)... stand in the holy place..." (Matthew 24:15). Since "holy place" in this quotation and "a house of prayer" are synonymous, are we not justified in believing that such a provision has NOW been made, and is NOW ready for this blasphemous deed? Jesus said to the people that they knew it would be fair weather when the sky was red at night, and foul when red in the morning. Then, He chided them saying, "Ye can discern the signs of the skies, how is it ye cannot discern the signs of the times?" I believe clear discernment will recognize some real significance in this new edifice. Nothing, ABSOLUTELY NOTHING now stands between us and the coming of our blessed Lord.
