DEAR FRIENDS OF CMF,

enter each new year with our expenses paid. However, in the interim there is always a struggle.

Will you consider being more generous and more constant in your giving toward this tremendously worthwhile Christian work? The counseling activities of your Foundation to a multitude of people who come to Tampa from across the United States and Canada continues to grow. Also, our counseling activities to physicians and their wives and families is a continuing endeavor. Please know the urgent need that CMF has just now for your continuing support. May the Lord richly bless you as you prayerfully consider this appeal. Also pray for us as we lay plans with other CMF doctors to return to Central America.

Faithfully in Jesus Christ,

William Standish Reed, M.D., M.S.
Founder and President of CMF
At this writing I have just returned from a surgical mission to the mountains of Guatemala. Several of your Christian Medical Foundation physicians joined in the mission to San Marcos and to Nebaj to carry the healing message of Jesus to the predominantly Indian people of those areas who are in great need. It is truly heart rending to see the almost insurmountable needs of these dear people who are to a great extent neglected medically and surgically. As Christian Medical Foundation extends its endeavors towards Christian medical missions in Central America, the Caribbean and Africa it is all the more important that those who support this work consider being constant in their giving.

The need of the Foundation continues and the giving of those who support CMF is inadequate to meet running expenses. Christian Medical Foundation tithes its income to support many missionary endeavors. We believe that when we tithe, God will supply our needs. Thus we see that at year end we

Dr. J. Barrett Hyman
of Louisville, Kentucky, recipient of the Albert Schweitzer Award and his wife Nancy.

Dr. James Barrett Hyman, an obstetrician and gynecologist of Louisville, Kentucky and a long time advisory board member of Christian Medical Foundation, has just been awarded the Albert Schweitzer Award for humanitarianism. The award was presented to him in Lexington, Kentucky by the Kentucky Right to Life members. We extend our very best wishes and congratulations to Jim and his wife Nancy, who are dear friends of Christian Medical Foundation and stalwart leaders in standing for life, particularly the life of Christ in Medicine.
