August 13, 1991

Dear Friends of Christian Medical Foundation,

August is here at Christian Medical Foundation and the summer financial problem continues on. At this point, the foundation has a very urgent need of your financial help.

I am requesting that each loyal supporter of the foundation will prayerfully consider giving a donation this week. This will allow the paying of urgent pressing obligations which must be paid now. If you cannot help, please pray for us.

The future of Christian Medical Foundation is in God's hands. With great gratitude for this and many past favors.

Faithfully yours,

William Standish Reed, M.D., M.S.
