The Lord Jesus had informed Pontius Pilate that He had come into the world to bear witness to the truth. He then said, "Everyone who is of the truth hears and listens to His voice." Pilate replied, "What is truth?"

This same question still resides in everyone on this earth who is continuing to argue and debate the question, "What is truth?" In the context of the abortion situation, we often say that life is being extinguished even before the infant has had the opportunity to experience this wondrous gift. We say that this is killing, is murder. The unbeliever says, "Your statement is not truth. It is not life. It is only an embryo, a blob of tissue. It is nothing." Is it not still the old question, "What is truth? What is life?"

Jesus said, "I am the Way, the Truth, and the Life..." If one would know the way to live, what to believe, and what is life, he must ask that the Lord and giver of life to come into his life and transform it. This means to bring his incomplete life into fulfillment (completion).

Then the fact occurs in which any human being can receive the mind of Christ and the entire aspect of His holiness and His righteousness.

Alexis Carrel wrote "The atrophy of the sense of the holy is even more serious than the atrophy of the intellect."

Mother Teresa, in Washington in 1994, said, "Any country that accepts abortion is not teaching its people to love, but to use any violence to get what they want. This is why the greatest destroyer of love and peace is abortion."

What is the truth? Are we not seeing in America today an increase in the violence against women and children? Is there not a noticeable tendency to limit Christianity from our educational and university institutions? As man turns his back upon God and His Christ, he also turns his back upon the ability to spiritually see the difference between truth and error. There is a tendency in this new century for error to prevail.

Since I stand for Christ and life, I am a proud advocate for "Right to Life". One might also call this orientation of life "Right to Christ" and a "Right to Heaven and Eternity".

How can modern man, with all of his talents, knowledge, and ability, actually allow the epidemic world wide deprivation of life in its products of conception in mothers' wombs? The most innocent and defenseless of human life are being destroyed in huge numbers in the months and even days prior to birth.

If the wages of sin produce death, we see that much of the etiology of death is the sin of abortion and the selfishness which surrounds the prevention and destruction of human life as is so abusively being witnessed in this present era. Pope John Paul II wrote that underlying all reality, there is a true and basic holiness. Let us stand for "Right to Christ" and "Right to Life and Holiness in Life."
