I have prayed for the sick, even have begun my surgical procedures with prayer—praying aloud prior to beginning the operation. I have prayed for patients—even my own younger son—whom I had diagnosed as deceased—and had the ones I prayed for in five instances return to life. I learned to do this from Dr. Vance Byars of Baton Rouge, LA, who is now in heaven. Vance told me that he always prayed when a patient was declared deceased by the nurses. He said that occasionally the patient returned to life. Vance, as I, believed the power of Jesus resurrection (MRI—"mighty resurrection infusion") (Phil 3:10).

It is a matter of living "God's wondrous love" which the entire world and surely we in the United States and Canada need so very much in this very hour. We do not really need an Obama health plan as much as we truly need a Holy Spirit healing revival across the world now. It is needed for us to know the great revival of God's healing provision and power. All who are saved believers in Jesus and filled with the Holy Spirit must pray without ceasing that God's mighty power and healing love will come unto the Western World today! Do live Jesus Love every day. Luke 1:37; Ephesians 3:20; I Chronicles 7:14.

Romans 7:24 says when I want to do good, evil is right there with me. For in my inner being I delight in God’s law; but I see another law at work against the law of my mind and making me a prisoner of the law of sin at work within my members. What a wretched man I am! Who will rescue me from the body of this death? Thanks be to God through Jesus Christ our Lord!

Have you ever been a police person for the Lord — trying to save the world - busy doing good works? I have. I remember years ago when I was so very busy evangelizing the world. By that I mean going to get different ones and driving them to church, bible study, etc. I put so much energy into this task that I was totally exhausted. One Wednesday night, I picked up a young lady and her uncontrollable son and was taking them to a mid-week Bible study. When I finally arrived at the church, my nerves were frayed from the lad who was loudly proclaiming his displeasure of having to go to the Bible study. I love some of the commercials on television as they remind me of my own doing. The commercial Geico has of the little pig waving his wand squealing Wee Wee, and the distraught “car pool” mother and little son totally disgusted with the piggy squealing commercials do have humor and life analogies. Anyway, when I arrived at the church with mother, who too was in a snit, I put my head on steering wheel and heard an inner voice say “stop it!” I knew this voice of I had heard it before in different circumstances – I also knew Jesus was trying to get me to stop all my activities and listen to Him. Henceforth, I stopped all the running and striving to save the world and began to focus on my coming into a personal relationship with Jesus. This was very difficult for me as I thought one had to earn love, even the love of Jesus. Funny, I was very good about telling others about the love of God and all His provisions but I myself did not know this. Hudson Taylor, the founder of China Inland Missions, for a long time, he too felt that his efforts fell short of the Lord’s expectations. He came to realize that the Lord wanted believers to trust Him fully and rest on His promises and to know Him. Jesus said to abide in Him. He meant that His followers were to stop striving and struggling. As Paul, the apostle, so bravely said “who will rescue me from this body of death”? – Only Jesus but the first step is to learn to stop striving and trust Him. When He does something, the task at hand is easy!
